## Report of Independent Registered Public Accounting Firm

To the Managing Member of  
TALF II LLC:

### *Opinion on the Financial Statements*

We have audited the accompanying statement of financial condition of TALF II LLC (a Limited Liability Company consolidated by the Federal Reserve Bank of New York) (the “LLC”) as of December 31, 2020, the related statements of operations, changes in members’ equity, and cash flows for the period from April 13, 2020 to December 31, 2020 and the related notes (collectively, the financial statements). In our opinion, the financial statements present fairly, in all material respects, the financial position of the LLC as of December 31, 2020, and the results of its operations for the period from April 13, 2020 to December 31, 2020, in conformity with U.S. generally accepted accounting principles.

### *Basis for Opinion*

These financial statements are the responsibility of the LLC’s management. Our responsibility is to express an opinion on these financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provided a reasonable basis for our opinion.

**KPMG LLP**

We have served as the LLC’s auditor since 2020.

## Notes to the Financial Statements

---

### (1) ORGANIZATION, NATURE OF BUSINESS, AND FINANCING

In accordance with section 13(3) of the Federal Reserve Act and with prior approval from the Secretary of the Treasury, the Board of Governors of the Federal Reserve System authorized the Federal Reserve Bank of New York (“FRBNY”) to establish the Term Asset-Backed Securities Loan Facility (“Facility”) to support the flow of credit to consumers and businesses. TALF’s purpose is to provide credit to eligible borrowers by making three-year loans (“TALF Loans” or “Loans to eligible borrowers”) secured by eligible collateral, which includes asset-backed securities (“ABS”) backed by student loans, auto loans, credit card loans, loans guaranteed by the Small Business Administration (“SBA”), leveraged loans, commercial mortgages, and certain other assets. The authorization to extend TALF Loans through the Facility expired on December 31, 2020.

TALF II LLC (“TALF II”) is a Delaware limited liability company (“LLC”) formed in connection with the implementation of the Facility on April 13, 2020. TALF II has two members: FRBNY, which is TALF II’s managing member and the U.S. Department of the Treasury (“Treasury”), which is TALF II’s preferred equity member. The managing member has the exclusive rights to manage TALF II. The preferred equity member contributed capital to TALF II using funds from the Exchange Stabilization Fund under section 4027 of the Coronavirus Aid, Relief, and Economic Security Act.

FRBNY also serves as the lender to TALF II. FRBNY extended \$4.4 billion in loans to TALF II to enable TALF II to make Loans to eligible borrowers (“TALF Borrowers”) during the period of June 25, 2020 to December 31, 2020. The loans made by FRBNY are with full recourse to TALF II and are secured by all the assets of TALF II. TALF II records a liability in the Statement of Financial Condition when FRBNY funds the loans. Interest on loans from FRBNY is paid on the maturity date or upon any repayment or prepayment of the loans.

TALF Loans may be made only against eligible ABS collateral, as set forth in the Facility’s terms and conditions and Master Loan and Security Agreement. As described in more detail therein, the underlying credit exposures for eligible ABS collateral must be one of the following: 1) auto loans and leases; 2) student loans; 3) credit card receivables (both consumer and corporate); 4) equipment loans; 5) floorplan loans; 6) premium finance loans for property and casualty insurance; 7) certain small business loans that are guaranteed by the Small Business Administration (SBA); 8) leveraged loans; or 9) commercial mortgages.

TALF II’s recourse against TALF Borrowers is limited to the ABS collateral securing a TALF Loan, absent breaches of representations, warranties, or covenants by a TALF Borrower. The ABS collateral pledged to TALF II by TALF Borrowers is subject to haircuts, based on the ABS type and weighted average life. A TALF Borrower is entitled to prepay its loan, in whole or in part, without penalty. A TALF Borrower may also surrender the ABS collateral to TALF II at any time in full satisfaction of its loan.

TALF Borrowers are required to pay a non-refundable administrative fee equal to 10 basis points of the loan amount on the loan settlement date.

All available cash receipts of TALF II are used to pay its obligations as described in Note 7. Distributions of residual proceeds to the members will occur after all loans from FRBNY are repaid in full. During the life of TALF II, undistributed net residual income or loss is reported as “Undistributed net operating income” in the Statement of Changes in Members’ Equity.

## TALF II LLC

### Notes to the Financial Statements

---

TALF II invests cash receipts from administrative fees and investment earnings in government money market funds and cash deposits.

Various service providers for legal, accounting, administrative, custodial, compliance, and collateral monitoring services were engaged to provide services for TALF II. Pacific Investment Management Company LLC provides collateral monitoring services for TALF II. Bank of New York Mellon provides administrative and custodial services for TALF II. TALF II does not have any employees and therefore does not bear any employee-related costs.

#### **(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America (“GAAP”), which require the managing member to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of income and expense during the reporting period. Significant items subject to such estimates and assumptions include the fair value of the investments. Actual results could differ from those estimates.

Significant accounts and accounting policies are explained below.

##### **a. Cash and Cash Equivalents, Restricted Cash and Cash Equivalents**

TALF II defines investments in money market funds and other highly liquid investments with original maturities of three months or less, when acquired, as cash equivalents. Money market funds are carried at fair value based on quoted prices in active markets.

In accordance with the terms of the TALF II Preferred Equity Investment Agreement, approximately 85 percent of the Treasury’s initial equity contribution was invested in overnight non-marketable securities issued by the Treasury to TALF II. In accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 230-10 *Statement of Cash Flows*, these investments are reported as restricted cash and cash equivalents as there are contractual limitations and restrictions on the use of the funds and ability to withdraw the funds. The investments in overnight non-marketable Treasury securities are recorded at amortized cost and shown as “Restricted cash and cash equivalents: Short-term investments in non-marketable securities” in the Statement of Financial Condition. The remaining Treasury equity contribution in TALF II is held in cash as a deposit at FRBNY to support the liquidity needs of TALF II and is reported as “Restricted cash and cash equivalents: Cash deposit” in the Statement of Financial Condition and is included in “Net change in cash and cash equivalents, restricted cash and cash equivalents” in the Statement of Cash Flows.

##### **b. Investments**

TALF II extends Loans to eligible borrowers on a non-recourse basis. TALF Borrowers pledge eligible ABS collateral as security for the loans. The original principal amount of loans is recorded as a loan receivable. TALF Loans are designated as held-for-investment and accounted for in accordance with FASB ASC 310 *Receivables*. Principal payments on loans held by the custodian but not yet received by TALF II and accrued interest, is reported as “Principal and interest receivable” in the Statement of Financial Condition.

## TALF II LLC

### Notes to the Financial Statements

---

#### c. Credit Impairment and Allowance for Loan Losses

TALF II's TALF Loans are subject to review each reporting period to identify and evaluate loans that have indications of possible impairment in accordance with FASB ASC 310-10 *Receivables*. TALF II recognizes an allowance for loan loss for the loans when it is probable that TALF II will be unable to collect all amounts due, including both the contractual interest and principal payments under the loan agreement. Based on current information and events, if it is probable that a loan loss has been or will be incurred and the amount of the loss can be reasonably estimated, a loan loss is recorded. TALF II recognizes any loan loss by creating a valuation allowance with a corresponding charge to bad debt expense. As of December 31, 2020, no loans were considered impaired, and there were no allowances for TALF Loan losses.

#### d. Interest Income

TALF II recognizes interest income on Loans to eligible borrowers based on the contractual rate of the loans. Interest income recognition ceases when the loans mature or are prepaid by the TALF Borrowers. Interest income on short-term investments in non-marketable securities is recorded when earned and is received daily based on an overnight rate established by the Treasury's Bureau of Fiscal Services.

#### e. Administrative Fees

TALF II assesses an administrative fee to the TALF Borrower equal to 10 basis points of the loan amount on the settlement date of the collateral. In accordance with ASC 310-20 *Receivables - Nonrefundable Fees and Other Costs*, administrative fees are deferred and amortized over the term of the loans. The administrative fees are amortized using the effective interest method and are reported as "Administrative fees deferred revenue" in the Statement of Financial Condition and as "Administrative fees" in the Statement of Operations.

#### f. Professional Fees

Professional fees consist primarily of fees charged by TALF II's collateral monitor, administrator, custodian, attorneys, and independent auditors. Professional fees are reported as "Professional fees" in the Statement of Operations.

#### g. Taxes

TALF II was formed by FRBNY and the Treasury. It is not subject to an entity level income tax. Accordingly, no provision for income taxes is made in the financial statements.

#### h. Fair Value Measurements

Certain assets of TALF II are measured at fair value in accordance with FASB ASC 820 *Fair Value Measurement & Disclosures*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FASB ASC 820 *Fair Value Measurement & Disclosures* establishes a three-level fair value hierarchy that distinguishes between assumptions developed using market data obtained from independent sources (observable inputs) and FRBNY's assumptions developed using the best information available in the circumstances (unobservable inputs). The three levels established by FASB ASC 820 *Fair Value Measurement & Disclosures* are described as follows:

## TALF II LLC

### Notes to the Financial Statements

- Level 1 – Valuation is based on quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based on quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is based on model-based techniques that use significant inputs and assumptions not observable in the market. These unobservable inputs and assumptions reflect FRBNY’s estimates of inputs and assumptions that market participants would use in pricing the assets and liabilities. Valuation techniques include the use of option pricing models, discounted cash flow models, and similar techniques.

The inputs or methodologies used for valuing the financial instruments are not necessarily an indication of the risk associated with investing in those financial instruments.

#### i. Recently Issued Accounting Standards

The following items represent recent GAAP accounting standards.

In June 2016, the FASB issued ASU 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*. This update revises the methodology for assessing expected credit losses and requires consideration of reasonable and supportable information to inform credit loss estimates. Although earlier adoption is permitted, this update is effective for TALF II for the year ending December 31, 2023. TALF II is continuing to evaluate the effect of this guidance on TALF II’s financial statements.

### (3) FACILITY ASSETS

At December 31, 2020 the maturity distribution of TALF II holdings, which are recorded at fair value for cash equivalents, amortized cost for short-term investments in non-marketable securities, and principal for loans to eligible borrowers in the Statement of Financial Condition are as follows (in thousands):

	Within 15 days	16 days to 90 days	91 days to 1 year	Over 1 year to 5 years	Total
Cash equivalents	\$ 12,600	\$ -	\$ -	\$ -	\$ 12,600
Short-term investments in non-marketable securities	8,503,329	-	-	-	8,503,329
Loans to eligible borrowers	-	-	-	3,552,402	3,552,402
Total	<u>\$ 8,515,929</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,552,402</u>	<u>\$ 12,068,331</u>

At December 31, 2020, TALF II’s cash equivalents consisted of government money market funds valued on the basis of quoted prices in active markets and classified as Level 1 within the ASC 820 *Fair Value Measurements & Disclosures* hierarchy.

The fair value of TALF II collateral is subject to both market and credit risk, arising from movements in variables such as interest rates and credit spreads and the credit quality of the collateral. Based on evaluations performed as of December 31, 2020 there are no credit impairments of TALF II’s holdings.

## TALF II LLC

### Notes to the Financial Statements

The following table presents the loan principal and collateral fair value of TALF Loans at December 31, 2020 (in thousands):

	<u>Loan principal</u>	<u>Collateral fair value<sup>2</sup></u>
Loans to eligible borrowers <sup>1</sup>	\$ 3,552,402	\$ 4,215,466

<sup>1</sup> All loans are full collateralized

<sup>2</sup> Collateral fair value reflects the market value of collateral, including accrued interest

Due to the short-term nature of cash equivalents and short-term investments in non-marketable securities there is no material difference between cost and fair value.

#### (4) RISK PROFILE

As of December 31, 2020, TALF II's portfolio consisted primarily of cash equivalents, short-term investments in non-marketable securities, and secured non-recourse Loans to eligible borrowers. TALF II investments and securities collateralizing loans to TALF Borrowers contain varying levels of credit, interest rate, general market, and concentration risk. The following is a description of the significant holdings at December 31, 2020 and the associated risk for each holding.

##### *Cash equivalents*

As of December 31, 2020, cash equivalents are composed of approximately \$8.5 billion of short-term investments in non-marketable securities and approximately \$13 million of government money market funds investments. Interest income earned on the portion of the preferred equity contributions invested in non-marketable securities totaled approximately \$3 million and is reported as a component of "Interest income" in the Statement of Operations.

##### *Loans to eligible borrowers*

TALF II is exposed to credit risk from the commercial mortgage backed securities, collateralized loan obligations, and certain ABS collateralizing TALF Loans, which are non-recourse to the borrower. Credit losses far in excess of expectations on the pools of loans and receivables underlying these securities may result in a default on the payment of principal or interest on the securities, which in turn could result in credit impairment on the related loans. SBA ABS are backed by Small Business Administration loans guaranteed by the U.S. Government and therefore do not expose TALF II to credit losses. TALF II is also exposed to interest rate risk from the securities collateralizing loans, particularly securities that pay fixed rate coupons, as an increase in interest rates would lower the securities' fair value. TALF program terms permit borrowers to satisfy obligations under their loans by surrendering collateral securities in lieu of payment, and borrowers would be incented to do so if credit or market risk factors caused a decline in the securities' value in excess of margin on the related loans. As of December 31, 2020, no securities collateralizing TALF Loans had been surrendered.

## TALF II LLC

### Notes to the Financial Statements

At December 31, 2020, the ratings breakdown of the fair value of collateral securing Loans to eligible borrowers are as follows (in thousands):

Collateral sector	AAA	Government / agency	Total
SBA loans	\$ -	\$ 2,338,561	\$ 2,338,561
Commercial mortgages	997,836	-	997,836
Leveraged loans	601,922	-	601,922
Student loans	221,351	-	221,351
Premium finance	55,796	-	55,796
Total collateral	\$ 1,876,905	\$ 2,338,561	\$ 4,215,466

Note: Lowest of all ratings is used for the purpose of this table if rated by two or more nationally recognized statistical rating organizations.

At December 31, 2020, TALF II's short-term investments in non-marketable securities were issued by the Treasury. Cash equivalents were composed of money market funds with underlying investments of cash and securities issued or guaranteed by the U.S. government.

#### (5) LOANS PAYABLE TO THE FEDERAL RESERVE BANK OF NEW YORK

FRBNY has extended loans to TALF II, and the loan proceeds financed TALF II's issuance of Loans to eligible borrowers. In addition to FRBNY loans for issuance of TALF Loans, TALF II may borrow from FRBNY for temporary liquidity needs.

The assets of TALF II are used to secure the loans from FRBNY. These assets include the equity that the Treasury has contributed to TALF II to function as credit protection for FRBNY's loans to TALF II.

Each loan made by FRBNY to TALF II bears interest, accrued daily, at a rate per annum equal to the interest rate on excess reserves ("IOER") in effect on each day. Repayment of the principal and interest on the loans is made from proceeds of principal and interest received by TALF II on TALF Loans.

TALF II's loans payable to FRBNY are reported as "Loans payable to FRBNY" in the Statement of Financial Condition. The related interest payable is reported as "Interest payable" in the Statement of Financial Condition; the amount of interest expense during the period is reported as "Loans interest expense" in the Statement of Operations.

Loans payable to FRBNY as of December 31, 2020 are as follows (in thousands):

Loan type	Loans payable to FRBNY	Interest payable	Interest rate	Maturity date
Funding	\$ 3,656,132	\$ 1,036	IOER	July 17, 2023 - December 21, 2023

## TALF II LLC

### Notes to the Financial Statements

---

#### (6) EQUITY CONTRIBUTIONS

As of December 31, 2020, the preferred equity member contributed \$10.0 billion in capital as credit protection to TALF II for loans needed to fund TALF Loans or operations of TALF II and the managing member was deemed to have contributed \$10 in capital.

Preferred equity member contributions are held in cash deposits and non-marketable securities, as mutually agreed upon by the managing member and the preferred equity member and consented to by FRBNY and are reported as “Members’ contributions” in the Statement of Changes in Members’ Equity.

#### (7) DISTRIBUTION OF PROCEEDS

Amounts available for distribution, due to interest, fees, payments on investments and other receipts of income are applied on the dates and in the order of priority set forth in the credit agreement between TALF II and FRBNY.

At the conclusion of the Facility, when the credit agreement has been terminated and all obligations of TALF II repaid, the remaining net assets will be allocated and distributed in accordance with the limited liability company agreement of TALF II. That agreement contemplates the distribution, upon TALF II’s liquidation, 1) to Treasury of the preferred equity account balance inclusive of any investment earnings accrued on those amounts, and 2) 90 percent of the remaining net assets to the preferred equity member and 10 percent of the remaining net assets to the managing member.

The following table presents the allocation of undistributed net operating income to equity members as of December 31, 2020 (in thousands):

	Managing member	Preferred equity member	Total undistributed net operating income
Net operating income	\$ 1,104	\$ 13,264	\$ 14,368

#### (8) COMMITMENTS AND CONTINGENCIES

TALF II agreed to pay the reasonable out-of-pocket costs and expenses of certain service providers incurred in connection with their duties. TALF II also generally agreed to indemnify its service providers for certain losses, expenses, and other liabilities under the agreements it has with those service providers, subject to customary exceptions such as for losses caused by the service providers’ misconduct. These indemnity obligations survive termination of those agreements. As of December 31, 2020, TALF II did not have any claims under these indemnities, and the risk of loss was deemed remote.

#### (9) SUBSEQUENT EVENTS

TALF II ceased extending credit on December 31, 2020. As a result, TALF II returned a portion of the Treasury’s equity investment in TALF II. The return of these funds occurred on January 5, 2021. This interim distribution reduced the Treasury’s preferred equity to approximately the maximum risk to FRBNY.

## TALF II LLC

### Notes to the Financial Statements

---

The following table presents on a pro forma basis the effect of the interim distribution of capital on members' equity (in thousands):

	<u>Members'</u> <u>contributed equity</u>
Members' contributions, December 31, 2020	\$ 10,000,000
Return of Treasury equity investment	<u>(6,450,927)</u>
Members' contributions, as adjusted	<u>\$ 3,549,073</u>

Subsequent events were evaluated through March 17, 2021, which is the date that these financial statements were available to be issued.
