- Initial Holder:** UST.
- Security:** Unsecured subordinated debentures (“CDCI Senior Securities”) that do not constitute a class of stock or represent equity ownership in the issuing QCU, but constitute secondary capital accounts of the QCU within the meaning of 12 U.S.C. 1790d(o)(2)(B). Each debenture representing a CDCI Senior Security shall be in the principal amount of \$1,000.
- Size of Offering:** Each QCU may issue CDCI Senior Securities with an aggregate principal amount (the “Principal Amount”) equal to not more than three and a half percent (3.5%) of its total assets and not more than fifty percent (50%) of the capital and surplus of the QCU.
- Any QCU that, in applying to qualify for this program, is determined by its primary regulators to require additional capital in order to be a “viable” financial institution, shall be required to receive capital (“Private Capital”) from one or more private, non-government investors prior to or concurrently with any purchase of CDCI Senior Securities by UST, such

that the sum of the Private Capital and the amount of CDCI Senior Securities issued to such QCU under this program shall be sufficient to establish the QCU's "viability" on a pro-forma basis. Such QCU receiving Private Capital shall only be eligible to issue CDCI Senior Securities in an aggregate amount equal to, on a dollar-for-dollar basis, the amount of Private Capital it received; provided that the amount of CDCI Senior Securities issued shall not be greater than three and a half percent (3.5%) of the QCU's total assets and not more than fifty percent (50%) of the capital and surplus of the QCU; provided further that any Private Capital shall be subordinate to the CDCI Senior Securities, on terms satisfactory to UST.

Ranking: Subordinate to all other claims against the QCU, including the claims of creditors, shareholders, and the National Credit Union Share Insurance Fund; available to cover operating losses realized by the QCU that exceed its net available reserves (exclusive of secondary capital and allowance accounts for loan and lease losses); and not subject to restoration or replenishment under any circumstances.

Regulatory Capital Status: Qualifies as "net worth" of the issuing QCU per 12 U.S.C. 1790d(o).

Maturity: Either eight (8) or thirteen (13) years from the date of the investment (the "Maturity Date").¹ On the Maturity Date, the QCU shall repay to UST the Principal Amount, together with all accrued and unpaid interest.

Interest Rate: CDCI Senior Securities maturing eight (8) years from the date of the investment shall pay cumulative interest at a rate of two percent (2%) per annum until the Maturity Date, and, to the extent not repaid on or prior to the Maturity Date, thereafter at a default rate of nine percent (9%) per annum. CDCI Senior Securities maturing thirteen (13) years from the date of the investment shall pay cumulative interest at a rate of two percent (2%) per annum until the eighth (8th) anniversary of the date of issuance, and thereafter at a rate of nine percent (9%) per annum.

Interest shall be payable quarterly in arrears on February 15, May 15, August 15 and November 15 of each year. Interest on the CDCI Senior Securities shall be computed on the basis of a 360-day year consisting of twelve 30-day months.

Redemption: CDCI Senior Securities shall be redeemable at 100% of the issue price, plus any accrued and unpaid interest. All redemptions shall be subject to the approval of NCUA and, in the case of a state-chartered QCU, the appropriate SSA.

¹ Each applying QCU shall be required to elect, in its sole discretion, to issue CDCI Senior Securities with either an eight (8) year or a thirteen (13) year maturity.

Restrictions on Dividends and Redemptions:

Subject to certain exceptions, for as long as any CDCI Senior Securities are outstanding, no special dividends may be declared or paid by the QCU on any share accounts or any other capital instruments it is authorized to issue under applicable law. Further, the QCU may not repurchase or redeem any other capital instruments authorized under applicable law (other than other maturing secondary capital accounts), unless all accrued and unpaid interest for all past interest periods on the CDCI Senior Securities is paid in full.

Remedies Upon Event of Default:

Principal and accrued interest may become immediately due and payable (i.e., accelerated) upon the occurrence of an Event of Default.

CDCI Senior Securities shall carry no voting or membership rights in the QCU.
