The Global Financial Crisis and Asia: Implications and Challenges

Edited by Masahiro Kawai, Mario B. Lamberte, and Yung Chul Park

Summary

This book aims to analyze the impact of the global financial crisis of 2007–09 on Asian economies, to assess the policy responses to the crisis in terms of their effectiveness and sustainability, and to draw lessons about how best to avoid and/or mitigate future crises and to identify structural policy recommendations that can help guide Asian policymakers to expand the growth potential of domestic and regional demand in future, and thereby create a basis for sustainable and inclusive growth.
