## Structure of the *Fonds de Garantie des Dépôts*

The *Fonds de Garantie des Dépôts* (Deposit Guarantee Fund) was established by Act no. 99-532 dated 25 June 1999 on savings and financial security.

These legal measures were codified within the Code monétaire et financier (French monetary and financial code) in [articles L 312-4 à 18](#) in respect of the "cash guarantee", [articles L 322-1 à 4](#) in respect of the "securities guarantee" and in [articles L 313-50 et 51](#) in respect of the "warranties guarantee".

The *Fonds de Garantie des Dépôts* is a legal entity under private law which governs three types of guarantees as follows: a guarantee of bank deposits, a guarantee of securities and a guarantee of warranties. It is governed by a Management Board under the control of a Supervisory Board.

### A) Charter

The Charter of the *Fonds de Garantie des Dépôts* is set out in various articles of the Code monétaire et Financier [L 312-9 to 14](#), [L 322-4](#), [L 313-50](#) and by CRBF [regulation number 99-06 modified, art.10 à 14](#), [99-07 art. 11 to 13](#), [99-15 art.11](#) and [99-16 art.11 to 13](#).

Its statutory powers are further defined in [internal rules](#). All these laws and rules can be viewed on the website.

The law has defined several elements of its charter, in particular the members and duties of the Supervisory Board and the Management Board. The Supervisory Board has several powers usually held by shareholders voting in a general meeting, which is not applicable in this case.

The internal rules, established by [article L312-10](#) of the Code monétaire et financier (F-I-1), are prepared by the Supervisory Board. These rules are particularly important insofar as the law gives no specific definition of the legal operating procedures of the Fonds de Garantie des Dépôts which is neither an association, nor a limited liability company, nor a Groupement d'intérêt économique (French economic interest group). Its unique status is therefore precisely defined in the internal rules, which are ratified by the French Finance Minister after approval by the Comité de la Réglementation Bancaire et Financière (French banking and finance committee - CRBF).

### B) Supervisory Board

The Supervisory Board:

- Appoints and removes members of the Management Board,
- Appoints the auditors,
- Approves the financial statements which, following their approval, are sent to the French Finance Minister,
- Decides on all preventive engagements and terms and conditions for such engagements,
- Authorises any proceedings relating to the liability of the legal or shadow directors.

The Supervisory Board meets at least four times each year. Voting rights are in proportion to members' individual contributions.

The Supervisory Board comprise 14 members, all directors in the sense of article L 511-13 of the Code monétaire et financier for credit institutions or investment companies. Four members are assigned to the four institutions representing the highest contributions to the Fonds de Garantie des Dépôts, and the other members are elected by the remaining members of the Fonds de Garantie des Dépôts (based on three committees: the committee for credit institutions belonging to a central body, 2 members; the committee for other credit institutions, 6 members and the committee for investment companies excl. credit institutions, 2 members). Their appointment is for a renewable term .

The {Fonds de Garantie des Dépôts} has a legal committee whose recommendations are brought to the attention of the Supervisory Board.
