Dear Chuck --

Please find attached the revised briefing for your on-the-record interview with the NYT on Wednesday.

This briefing reflects input from IR and Markets and Banking on market issues. It also reflects a conversation I had today with the reporter, Eric Dash.

Also attached is a presentation that Fixed Income Capital Markets is sending clients on the subprime and leveraged lending market issues -- hope it is helpful.

We have scheduled a 7:30 am call with Chad Leat on Wednesday to provide any needed additional color on the credit markets. We will also go over the brief from 10:15 am to 10:45 am prior to the interview, which begins at 10:45 am.

Please let me know if you have any comments, questions, or concerns.

Thanks,

Christina
