I thought, for first mtg, it was good. We weren't trying to get to final answers so I didn't see tom avoid any questions. Also want more back channel with dave b and he was only on phone for fri.

Re schedule, let me try for wed and we'll have thurs for back up.

I could definately do Thursday at that time, and I coulq figure out how to make Wed. work. According to Lew, Tom never did provide on on clear and direct answer on the super seniors. If that is so, and the meeting didnt bring that to on on head, isn't that deeply troubling not as to what happened - that is a different question that is also troubling - but as to providing full and clear information and analysis now..

Dear bob--welcome back from korea.

A question re scheduling:

- * had good first mtg with tom maheras, etc re CMB results.
 - * agreed to have two more follow up mtgs before bd mtg on 9/17-18.
 - * would like to schedule follow up mtgs downtown because of larger number of people involved (from tom's people).
 - * would like you to be present.
 - * would like to do after tues (because druskin out, in africa, until tues night).
 - * would like to do next mtg on wed or thurs so have fri for another follow on mtg if necessary.
- * question: would wed or thurs (thinking time frame perhaps 1:30-4:30pm) be better for you to be downtown?
(Long preamble but short question).

Thanks.
